

## **Peter R. Flood**

---

Environmental Scientist/Botanist

**Education:** Massachusetts Bay Community College (AS)  
Cape Cod Community College (Environmental Certificate)  
University of Massachusetts Boston (BS Biology - August 2005)

**Qualifications:**

- OSHA 29 CFR 1910.120 - 40-Hour HAZWOPER Training
- OSHA 29 CFR 1910.120 - 8-Hour Refresher Training
- Massachusetts 24-hour Asbestos Inspector Training
- Massachusetts Certified Asbestos Inspector License #A1041709

**Experience:**

Mr. Flood's background includes all facets of Environmental Site Assessments from inspections to report writing as well as typical field sampling and measurements as required of an Environmental Scientist. Mr. Flood also performs solid waste facility compliance inspections, health and safety training and botany associated with Wetland Protection Act filings. Mr. Flood also served as lead ornithologist for Mass Audubon's Wellfleet Bay Wildlife Sanctuary. Mr. Flood has been involved with Mass Audubon's aerial bird surveys of Nantucket Sound as part of the proposed "Cape Wind" project. Currently, Mr. Flood conducts shorebird surveys for Manomet Center for Conservation Scientists and provides significant expertise with respect to bird identification, natural history and biology.
